

Serving The Insurance and Risk Management Industry

Insurance Agency Website Design

A NEW
IMAGE!

*“USING WHAT WE
KNOW TO HELP
YOU GROW”™*

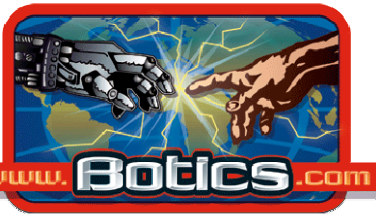

WEBSITES CREATED BY AN INSURANCE PROFESSIONAL Create the next generation of your online insurance agency!

With a fifteen year background as a Florida insurance agent and previous agency owner, Richard H. Reynolds will provide expert project consulting to your agency. Whether you want to update your existing website with fresh content or you wish to create a new website we can assist you with any of your Internet technology needs.

With a full complement of Internet services including design, search engine submission and placement, hosting solutions, Internet and Intranet consulting, E-mail services, E-commerce, video services, and other technology solutions BOTICS is your business partner that will help you achieve your goals. We are committed to providing you with custom-designed website solutions that will convey the image you want and the functionality you need for a profitable online presence.
